THE ANNUAL EQUUS INDEX

ISSUES 218-229

Abuse and Neglect
- Monitoring of horses shipped to slaughterhouses (RU) 219/63
- Commercial Transportation of Equines for Slaughter Act (RU) 224/87
- The Regulatory Effect (F) 229/62
- Kern County, California, seizes 89 Arabian horses in abuse case (RU) 229/98

Accidents and Safety
- Halters on turned-out horses (HO) 222/21
- Fund for spinal-cord research (MF) 223/16
- Using bicycle helmet for horseback riding (C) 223/117
- Virginia Good Samaritan law (RU) 225/108
- Keeping facts on hand for emergencies (HO) 228/25

Age and Aging
- Relating horse age to human age (HO) 224/20

Allergies
- Investigating Itch (F) 221/54
- Diagnosing cause of twitching and jerking head (C) 223/115
- Dealing with allergies to horses (HO) 224/18

American Association of Equine Practitioners
- Annual convention (MFN) 218/15
- Education at its best (BP) 220/88
- 1995 convention sets attendance record (MF) 221/10
- Racetrack fracture studies (MF) 222/15
- Vaccinations against VEE recommended (HO) 222/20
- Horse Industry Marketing Alliance (RU) 224/86
- Information at Our Fingertips (F) 229/54
- Inaugural Equine Welfare Award (RU) 229/99

American Farrier's Association
- American Farrier's Association 25th anniversary convention (MF) 220/12
- Breeding a foundered mare (C) 226/74

American Horse Council
- Equine economic impact study (RU) 220/57
- Pep talk for the horse industry (SHCN) 229/90

American Quarter Horse
- American Quarter Horse Association (AQHA) increases age limit for junior-level classes (RU) 219/60
- Muscle for many a purpose (AC) 222/87
- Quarter Sport Horse Registry merges with American Warmblood Society (RU) 222/98
- A study in contrasts (AC) 223/88
- Gotum Gone honored as Supreme Champion (RU) 223/96
- AQHA recognizes HYPP as a genetic defect (RU) 224/88
- America's Horse (F) 225/36
- Refrigerator retires (RU) 225/106
- Dash for Cash euthanatized due to EPM (MF) 227/13
- Trends at a Glance (F) 229/34
- Industry Initiatives for Change (F) 229/38
- Sensible crossbreeding (AC) 229/82

American Saddlebred Horses
- Second career for successful broodmare (RU) 220/56
- Record-setting Tattersalls Fall Saddle Horse Sale (RU) 222/96
- Purely for pleasure (AC) 225/97
- Trends at a Glance (F) 229/34

Ancient Horses and Species
- Ancient horse breed found in Tibet (RU) 221/77
- Horse fossils at Thomas Farm (RU) 228/70

Appaloosa Horses
- At odds over Appaloosas (CU) 219/64
- New Breyer model (RU) 221/77
- Risk of leptospiral infection (MF) 222/14
- Appaloosa Horse Club drops disciplinary proceedings (RU) 226/67

Arabian Horses
- The power to endure (AC) 219/52
- Arabian fading syndrome (C) 224/105
- International Arabian Horse Association produces booklet (RU) 225/106
- Sensible crossbreeding (AC) 229/82

Art and Artists
- National Reining Horse Association bronze (RU) 221/76
- Wooden rocking horses (RU) 226/66
- A Timeless Fascination: The Artist and the Horse (F) 227/50

Arthritis
- High and low ringbone (HO) 219/17
- Cortisone treatment (C) 219/78
- Joint Efforts (F) 226/40

Bathing and Cleaning
- The Chemistry of Clean (F) 223/60
- Furnishing a wash stall (HO) 227/18

Bedding
- Six steps to a drier stall (HO) 225/18

Behavior and Behavioral Problems
- How to tell if your horse's mouth is hurting (HO) 218/16
- The X Factor (F) 218/32
- Change the Way Your Horse Behaves (F) 218/46
- Teaching a filly who is hard to lead (C) 218/77
- When a foal has a taste for sand (C) 218/78
- Why horses flip their upper lips inside out (HO) 219/17
- Is Your Mare Fit to Breed? (F) 219/24
- Undesirable behavior in a mare (C) 219/74
- The Anatomy of Expression (F) 220/24
- Dealing with foal rejectors (C) 220/65
- Call for stories about trailer problems (MF) 221/11
- The Right Start (F) 221/22
- Horse that falls down (C) 221/82
- Why does he sling his food? (HO) 222/20
- The Secret Lives of Horses (F) 222/32
- Behind the secret lives (BP) 222/128
- Escape-proof stall and gate closures (HO) 223/18
- Why foals eat feces (HO) 223/19
- Leading up to easy loading (F) 223/45
- Causes of head tossing (C) 223/115
- Dealing with a bolting horse (HO) 224/18
- Helping your horse bounce back after a show (HO) 224/18
- Shut Your Mouth (F) 224/66
- Ear-tick infestation (C) 224/104
- Aluminum toxicity (C) 224/107
- Hair whorls and temperament (MF) 225/15
- Problems with picking up feet (C) 225/130
- Distinguishing pain from habit (C) 225/136
- Problems with trailering (C) 225/138
- Catch Me if You Can (F) 226/59
- Bitting Solutions (F) 227/26
- Dealing with a bossy gelding (C) 227/90
- Here to serve (BP) 227/112
- Mutual grooming (C) 228/83
- Clues about a horse's health in his stall (HO) 229/21

Biting
- Dealing with a bossy gelding (C) 227/90
- Mutual grooming (C) 228/83

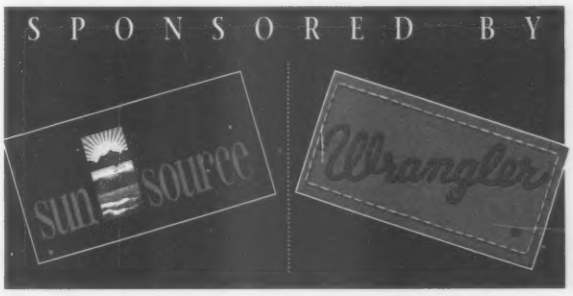
Bits
- How to tell if your horse's mouth is hurting (HO) 218/16
- Shut Your Mouth (F) 224/66
- Danger in copper bits (C) 224/110
- Bitting Solutions (F) 227/26

Blood and Blood Disorders
- Equine herpesvirus vaccine (MF) 218/14
- Blood substance may reveal colic prognosis (MF) 218/15
- Miniature horses and hyperlipemia (MF) 219/11
- The Politics of EIA (F) 220/32
- Georgia allows entry of piro-positive Olympic horses (MF) 222/15
- Championship Condition (F) 225/54

Botulism
- Vaccine Update (F) 224/77
- Military horse who provided botulism antitoxin retires (MF) 229/13

Breeding and Reproduction
- Dietary influence on ovulation in older mares (MF) 218/14
- No simple answers (BP) 218/96
- Is Your Mare Fit to Breed? (F) 219/24; correction to sidebar 221/8
- Fertility of stallions used in dual-hemisphere breeding (MF) 221/10
- Yearning for learning (F) 221/65
- Sugar as treatment for endometritis (MF) 223/14
- First U.S. test-tube foal (MF) 223/16
- Chance of EPM transmission in breeding (C) 225/133
- Definition of "slips a foal" (C) 225/136
- Oxytocin treatment for infertility (MF) 226/10
- Breeding a foundered mare (C) 226/74
- When a crossbred is pure again (C) 226/76
- White, curly-haired Walking Horse foal (MF) 227/12

SPONSORED BY



- Mummified foal (CR) 228/18
- First in vitro-conceived foal born (MF) 229/12
- First Paint foal produced by cooled transported semen 229/41
- Sensible crossbreeding (AC) 229/82
- "False" pregnancy and tumors (C) 229/114

Cardiovascular System and Disorders
- Warning about cattle supplement containing Rumensin® (MF) 226/10
- Arresting Laminitis: An Illustrated Guide (F) 228/47
- Stethoscope that works by telephone (MF) 229/13
- Strange seizures (C) 229/113

Castration
- Castration before puberty (C) 223/114
- Dealing with a bossy gelding (C) 227/90

Cataplexy
- Horse that falls down (C) 221/82

Clipping
- A midwinter trimming (HO) 219/17
- Clipping joints before injections (MF) 224/15

Coat and Hair
- New treatment for Cushing's syndrome (HW) 222/28
- The Chemistry of Clean (F) 223/60
- Arabian fading syndrome (C) 224/105
- Hair whorls and temperament (MF) 225/15
- White, curly-haired Walking Horse foal (MF) 227/12
- Excessive winter hair growth (C) 227/87

Colic
- Blood substance may reveal colic prognosis (MF) 218/15
- Sand eating in foals (C) 218/78
- Nonsurgical treatment of colitis (MF) 219/12
- Sudden death (C) 219/77
- Predicting survival of colic victims (MF) 223/17
- Riding after feeding (C) 223/112
- Causes of recurrent colic (C) 223/120
- FDA bans colic drug dipyrone (MF) 224/16
- Mineral-deficiency complication of colic surgery (CR) 225/22
- Survival rates after colic-impaction surgery (MF) 227/13
- Confusion over bran in the diet (C) 227/94
- Mare with recurrent colic (C) 228/79

Coloration and Markings
- What is a medicine hat? (C) 219/79
- Difference between a paint and a pinto (C) 222/106
- Color Them Beautiful (F) 224/56
- Arabian fading syndrome (C) 224/105
- High-white Thoroughbred (MF) 226/10
- White, curly-haired Walking Horse foal (MF) 227/12
- International Buckskin Horse Association 25th anniversary (RU) 227/74

Combined Training
- Made to be rated (AC) 218/64
- Georgia allows entry of piro-positive Olympic horses (MF) 222/15
- Shut Your Mouth (F) 224/66
- Olympic Outlook (F) 225/82
- International Images (F) 229/51

Conformation
- Hunter's bump (C) 218/74
- Made to be rated (AC) 218/64
- The power to endure (AC) 219/52
- Treating clubfoot (C) 221/86
- Muscle for many a purpose (AC) 222/87
- A study in contrasts (AC) 223/88
- Purely for pleasure (AC) 225/97
- Causes of "cold back " (HO) 227/18
- The blood of Iberia (AC) 227/66
- Malformed cervical vertebra (C) 228/81
- Hoof balance and conformation (MF) 229/16
- Sensible crossbreeding (AC) 229/82

Coprophagy
- Why foals eat feces (HO) 223/19

Cushing's Syndrome
- New treatment for Cushing's syndrome (HW) 222/28
- Excessive winter hair growth (C) 227/87

Cutting and Cutting Horses
- Cow Sense (F) 229/38

Dermatitis
- Investigating Itch (F) 221/54

Diagnostic Tools and Techniques
- Tests for bone deterioration (MF) 218/15
- Blood substance may reveal colic prognosis (MF) 218/15
- Respiratory infection in foals (MF) 219/10
- Beating EPM (F) 219/30
- Potomac horse fever diagnostic (MF) 221/13
- Investigating Itch (F) 221/54
- Predicting survival of colic victims (MF) 223/17
- Diagnostic foot-numbing techniques (MF) 225/16
- Monitoring equine blood pressure (HO) 228/24
- Stethoscope that works by telephone (MF) 229/13
- Information at Our Fingertips (F) 229/54

Diet and Nutrition
- Dietary influence of ovulation in older mares (MF) 218/14
- Sugar-beet pulp in the diet (HO) 218/16
- Sand eating in foals (C) 218/78
- Nonsurgical treatment of colitis (MF) 219/12
- Feeding horse rations by weight instead of volume (HO) 219/18
- Is soybean hay safe for horses? (C) 219/76
- Supplements for young horses (MF) 221/11
- Nutrient loss in stored hay (HO) 221/14
- What's for dinner? (F) 224/32
- Feeding an aging horse (C) 224/106
- Working vocabulary of hay (HO) 225/21
- Hay processing (HO) 226/15
- Judging hay by its color (HO) 227/16
- Messy flatulence and watery stools (C) 227/89
- Confusion over bran in the diet (C) 227/94
- Feeding in harsh weather (HO) 228/22
- Arresting Laminitis: An Illustrated Guide (F) 228/47
- Hay quality (C) 228/78

Digestive System and Disorders
- Blood substance may reveal colic prognosis (MF) 218/15
- Sand eating in foals (C) 218/78
- Nonsurgical treatment of colitis (MF) 219/12
- Sudden death (C) 219/77
- Potomac horse fever diagnostic (MF) 221/13
- Stomach rupture (C) 221/82
- Predicting survival of colic victims (MF) 223/17
- Riding after feeding (C) 223/112
- Causes of recurrent colic (C) 223/120
- Mineral-deficiency complication of colic surgery (CR) 225/22
- Survival rates after colic-impaction surgery (MF) 227/13
- Messy flatulence and watery stools (C) 227/89
- Confusion over bran in the diet (C) 227/94
- Grass sickness survival rates (MF) 228/16
- Mare with recurrent colic (C) 228/79

Dorrance, Tom
- The Right Start (F) 221/22

Dressage
- Made to be rated (AC) 218/64
- The power to endure (AC) 219/52
- Yearning for Learning (F) 221/65
- Shut Your Mouth (F) 224/66
- Olympic Outlook (F) 225/82
- Paralympic Games (RU) 226/68
- American Morgan Horse Institute scholarships (RU) 228/70
- Golden opportunity (BP) 228/104
- International Images (F) 229/51

Dutch Warmblood Horses
- Early locomotor characteristics (MF) 223/15
- Performance Horse Registry adds warmbloods (RU) 227/75

Ears and Hearing Disorders
- The Anatomy of Expression (F) 220/24
- Causes of head tossing (C) 223/115
- Ear-tick infestation (C) 224/104
- Dealing with aural plaques (HO) 227/19

Eastern Equine Encephalomyelitis
- Vaccinations against VEE recommended (HO) 222/20
- Vaccine Update (F) 224/77

Emergencies
- Travel items (HO) 218/18
- Disaster Relief (F) 227/58
- Keeping facts on hand for emergencies (HO) 228/25

Endometritis
- Sugar as treatment for endometritis (MF) 223/14
- Oxytocin treatment for infertility (MF) 226/10

Endotoxemia
- New preventive for endotoxemia (MF) 229/14

Endurance Riding
- The power to endure (AC) 219/52
- Championship Condition (F) 225/54
- Piroplasmosis threatens the endurance championships (RU) 225/108
- Golden opportunity (BP) 228/104
- Images of the Year (F) 229/42

Equine Dysautonomia
- Grass sickness survival rates (MF) 228/16

Equine Infectious Anemia
- The Politics of EIA (F) 220/32
- USDA report and videotape (MF) 224/14

Equine Protozoal Myeloencephalitis
- Beating EPM (F) 219/30
- EPM treatment recommendations (MF) 225/16
- Chance of EPM transmission in breeding (C) 225/133
- Dash for Cash euthanatized due to EPM (MF) 227/13

Exercise and Conditioning
- Warning signs of an overtired horse (HO) 220/14
- Treating hung-up stifles (C) 222/105
- Helping your horse bounce back after a show (HO) 224/18
- Championship Condition (F) 225/54
- Benefits of early training (D) 227/82

GUIDE TO ABBREVIATIONS

(AC)	Applied Conformation	(F)	Feature
(BP)	Back Page	(HO)	Hands On
(C)	Consultants	(HW)	Health Watch
(CR)	Case Report	(MF)	Medical Front
(CU)	Close-Up	(MFN)	Medical Front Note
(D)	Decisions	(RU)	Roundup
		(TT)	True Tale

Eyes and Vision Disorders
- The Anatomy of Expression (F) 220/24
- Distinguishing lumps near the eye (C) 220/68
- leptospiral infection and uveitis (MF) 222/14
- Cyclosporine treatment for corneal inflammation (MF) 224/15
- How horses recognize people (MF) 228/14
- Riders' three ways of using their eyes (HO) 228/22
- Leading the Blind (F) 229/71

Farm Management
- Nutrient loss in stored hay (HO) 221/14
- Spring Farm Fix-Up (F) 221/46
- Yearning for Learning (F) 221/65
- Stable management software (D) 225/124
- Closing barn windows and doors (C) 227/91
- Keeping facts on hand for emergencies (HO) 228/25
- Ready for the Worst (F) 228/26
- Humus, Sweet Humus (F) 228/37

First Aid
- Stemming blood flow (HO) 218/18
- Sugar as a home remedy (HO) 225/18
- Gearing Up for the Trail (F) 225/46
- Disaster Relief (F) 227/58

Fitness
- Is Your Mare Fit to Breed? (F) 219/24; correction to sidebar 221/8
- Warning signs of an overtired horse (HO) 220/14

Flehmen Response
- Why horses flip their upper lips inside out (HO) 219/17

Foals and Foaling
- Sand eating in foals (C) 218/78
- Respiratory infection in foals (MF) 219/10
- Is Your Mare Fit to Breed? (F) 219/24; correction to sidebar 221/8
- Complications after premature birth (CR) 220/20
- Dealing with foal rejectors (C) 220/65
- Determining when a mare needs help (HO) 221/14
- Why foals eat feces (HO) 223/19
- Sudden death of donkey weanling (C) 223/118
- Mummified foal (CR) 228/18

Footing
- Make Winter Riding a Pleasure (F) 218/41
- "Dirty" footing material (CU) 224/96
- Ask the Footing Doctor (F) 226/22

Forging
- Cures for forging (HO) 221/16

Founder
- Breeding a foundered mare (C) 226/74
- Arresting Laminitis: An Illustrated Guide (F) 228/47

Fractures
- Pioneering surgery saves accident victim (CR) 219/20
- Racetrack fracture studies (MF) 222/15
- Mare delivers after serious fracture (CR) 226/16
- Cannon-bone injury (CR) 227/20

Free-Roaming Horse and Burro Act
- Adopt-a-Horse: A license to kill? (CU) 225/112
- The Regulatory Effect (F) 229/62

Fungi and Fungal Infection
- Investigating Itch (F) 221/54
- Equine canker (C) 221/84

Gaits
- Beating EPM (F) 219/30
- The Complex Canter (F) 221/36
- Early locomotor characteristics (MF) 223/15
- Value of galloping (HO) 225/20

Genetics
- The X Factor (F) 218/32
- No simple answers (BP) 218/96
- Heredity of navicular disease (MF) 222/14
- AQHA recognizes HYPP as a genetic defect (RU) 224/88
- Malfunctioning muscles (HW) 225/31
- When a crossbred is pure again (C) 226/76
- White, curly-haired Walking Horse foal (MF) 227/12
- Malformed cervical vertebra (C) 228/81
- Possible new genetic disease (CR) 229/28
- Sensible crossbreeding (AC) 229/82

Grief
- Brochure on equine euthanasia (MF) 225/14
- PetLoss Support Hot Line (MF) 226/11

Grooming
- A midwinter trimming (HO) 219/17
- Yearning for Learning (F) 221/65
- Getting tacked-up for a ride (HO) 226/12
- Mutual grooming (C) 228/83

Head Tossing
- How to tell if your horse's mouth is hurting (HO) 218/16
- Causes of head tossing (C) 223/115

Headgear
- Using bicycle helmet for horseback riding (C) 223/117
- Gearing Up for the Trail (F) 225/46
- Minor change in testing standards (RU) 227/74

Hematomas
- Determining the type of swelling (HO) 219/16

Herbicides
- Ethephony toxicity (C) 225/134

Hooves and Hoof Disorders
- A Hoof-Care Primer (F) 219/45
- Remedy for dry hooves (C) 220/63
- Treating clubfoot (C) 221/86
- Taking care of weak, shelly hooves (HO) 223/18
- Diagnostic foot-numbing techniques (MF) 225/16
- Buying a horse with navicular disease (C) 225/135
- Getting tacked up for a ride (HO) 226/12
- Breeding a foundered mare (C) 226/74
- Arresting Laminitis: An Illustrated Guide (F) 228/47
- Loss of hoof shine (C) 228/82
- Hoof cracks (C) 228/83
- Hoof balance and conformation (MF) 229/16

Horse Killings
- Lindemann and Hulick found guilty of wire fraud (RU) 218/72
- Hugi sentenced (RU) 219/61
- Lindemann and Hulick sentenced (RU) 222/95
- Eight more indicted (RU) 223/101
- Ward awaits sentencing (RU) 224/88
- Show jumper and convicted arsonist Robert Cheska sentenced (RU) 226/66
- New Zealand cancels plans to shoot feral horses (RU) 229/96

Horse-to-Horse Relationship
- Dealing with foal rejectors (C) 220/65
- The Secret Lives of Horses (F) 222/32
- Behind the secret lives (BP) 222/128
- Leading the Blind (F) 229/71

Hunters and Jumpers
- Made to be rated (AC) 218/64
- Hunter's bump (C) 218/74
- Muscle for many a purpose (AC) 222/87
- Shut Your Mouth (F) 224/66

Hyperkalemic Periodic Paralysis
- The X Factor (F) 218/32
- Horse that falls down (C) 221/82
- AQHA recognizes HYPP as a genetic defect (RU) 224/88

Infection
- Recurring upper respiratory infection (C) 220/62
- Investigating Itch (F) 221/54
- Equine canker (C) 221/84
- Sugar as treatment for endometritis (MF) 223/14
- Clipping joints before injections (MF) 224/15

Injuries (see also fractures)
- Stemming blood flow (HO) 218/18
- Ruffian Remembered (F) 218/26
- Hunter's bump (C) 218/74
- Tendon damage (C) 218/74
- Determining the type of swelling (HO) 219/16
- Pioneering surgery saves accident victim (CR) 219/20
- Yearning for Learning (F) 221/65
- Racetrack fracture studies (MF) 222/15
- Halters on turned-out horses (HO) 222/21
- Stop That Splint (F) 223/34
- Shoes and suspensory injuries (MF) 224/14
- Helping your horse bounce back after a show (HO) 224/18
- Shut Your Mouth (F) 224/66
- Work regimen and injuries (MF) 225/15
- Distinguishing pain from habit (C) 225/136
- Mare delivers after serious fracture (CR) 226/16
- Reasons for taking wrong lead (C) 226/75
- Cannon-bone injury (CR) 227/20
- Disaster Relief (F) 227/58
- Time to Heal (F) 228/54
- Hoof cracks (C) 228/83
- Golden opportunity (BP) 228/104

Insects and Insect Control
- Investigating Itch (F) 221/54
- Feeding Frenzy: Flies at Work (F) 222/44
- Granulocytic ehrlichiosis (MF) 223/14
- Causes of head tossing (C) 223/115
- Ear-tick infestation (C) 224/104
- Diatomaceous earth (C) 225/132
- Removing ticks (HO) 226/12
- Dealing with aural plaques (HO) 227/19

Joints and Joint Disorders
- Hunter's bump (C) 218/74
- Treating hock soreness (HO) 222/18
- Treating hung-up stifles (C) 222/105
- Clipping joints before injections (MF) 224/15
- Joint Efforts (F) 226/40
- Curing bone spurs (C) 226/78
- Noisy joints (C) 227/88

Lameness
- Beating EPM (F) 219/30
- Heredity of navicular disease (MF) 222/14
- Lameness associated with girth (C) 223/119
